# SECRETS NEVER SLEEP **ALICE: FROM DREAM TO DREAM**

After moving back to Ohio, Alice is stuck sharing a bedroom with her brother—and worse, sharing his dreams! The bright spot in her life is her best friend, Jamie, but there's more history between their families than Alice realized, and there are secrets buried deep in their small town that only she'll be able to explore...and only in her dreams!

**Giulio Macaione**  
Writer/Artist

**Tell us a little bit about Alice and her unusual powers.**

**Giulio Macaione:** Alice is a normal teenager except for her ability: she enters the dreams of the person who sleeps close to her. She doesn't control it, so this power causes her a few problems. Especially because she has to share the bedroom with her metalhead and horror fan brother!

**Where did you draw inspiration from when creating the world of this graphic novel?**

**Macaione:** I found the inspiration for this story during a walk in the Spring Grove Cemetery, a beautiful monumental cemetery in Cincinnati, where I lived for a couple of years. I'd already had this idea about a girl who can see other people's dreams, but the rest of the story came to me in that wonderful place.

**What has it been like working with Giulia Adragna, the colorist of *Alice: From Dream to Dream*?**

**Macaione:** Giulia is the best! I chose her because I already knew her work. She is a creator, too, and I love her art. We admire and trust each other, so we have been a wonderful team and we learn

from each other. I hope to work with Giulia again—she gave so much to my drawings with her powerful and shiny colors!

**Which character do you identify with the most and why?**

**Macaione:** Every character has a little bit of me, so it's not simple to choose one. Maybe Alice, because when I was a teenager my dreams used to have a strong impact in my real life and sometimes I had some troubles because of this.

**What is the craziest dream you remember having?**

**Macaione:** I used to have a recurring dream where Madonna was in the bathroom with my mother while she was putting on her make-up. She was talking about her problems with being a popstar, fame, and paparazzi. It was silly. But I think the dreams that impressed me the most were terrible nightmares. (Believe me, I'm a normal person!). ■

# SANPAKU

Marcine is fascinated with the Japanese idea of Sanpaku: that seeing the white around the iris of your eyes is a bad omen. But it’s everywhere she looks—her grandmother has it, JFK had it...even Marcine might suffer from this condition. Kate Gavino (*Last Night’s Reading*) gives voice to the insecurities that abound in teens of all cultures, while exploring this Japanese theory through her own Catholic, Filipino background.
